1. About this Notice

- 1.1 This Cookie Policy ("**Policy**") explains how AGC and its group companies (collectively "**AGC**", "**we**", "**us**", and "**ours**") use cookies and similar technologies to recognise you when you visit our website at <https://yourpyrobel.com/> ("**Website**"). It explains what these technologies are and why we use them, as well as your rights to control our use of them.
- 1.2 Please take the time to read this Policy carefully. If you have any questions or comments, please contact our ISM Office via ISM.Office@eu.agc.com.

2. What are cookies?

- 2.1 Cookies are small data files that are placed on your computer or mobile device when you visit a website. Cookies are widely used by website owners in order to make their websites work, or to work more efficiently, as well as to provide reporting information.
- 2.2 Cookies have many different features, such as allowing you to navigate between pages efficiently, remembering your preferences, and generally improving the user experience. They can also help ensure that the advertisements you see online are more relevant to you and your interests.
- 2.3 Cookies set by the website owner (in this case, AGC) are called "first party cookies". Cookies set by parties other than the website owner are called "third party cookies". Third party cookies enable third party features or functionality to be provided on or through the website (e.g. like advertising, interactive content and analytics). The parties that set these third party cookies can recognise your computer both when it visits the website in question and also when it visits certain other websites.

3. How long do cookies last?

Cookies can remain on your computer or mobile device for different periods of time. Some cookies are 'session cookies', which means they only exist when your browser is open and are automatically deleted when you close your browser or quit the app. Other cookies are 'persistent cookies', meaning they survive after your browser or app is closed and can be used by websites or apps to recognize your computer when you re-open your browser or app later. The length of the cookies used on our website is explained in more detail in the table below.

This can be accomplished by them using cookies or web beacons to collect information about your visits to this and other sites in order to provide relevant advertisements about goods and services of potential interest to you. The information collected through this process does not enable us or them to identify your name, contact details or other personally identifying details unless you choose to provide these.
